ATLANTIC & PACIFIC PACKAGING COMPANY LIMITED**Chairman's Report**

Dear Shareholders,

The year under review witnessed a marginal drop in revenue compared to the previous one, from \$8,034,371 to \$7,637,737. Your company again faced a sluggish market, caused by a downturn in sales for one of its major customers and also from a temporary slack in the fisheries industry. However, it was able to use this period to implement significant process changes which saw a marked improvement in its raw material utilisation, particularly in the second half of the financial year.

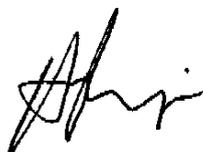

Consequently, despite the lower sales your company delivered an improved operating profit of \$373,374 compared to \$369,303 last year. Net profit for the year was even better at \$381,257 against \$319,216, aided by the lower corporate tax rate of 18.5% against 20% last year.

As a hedge against dependence on a single product, your company has recently embarked on projects to manufacture two new products that will enhance its presence as a provider of packaging solutions: (i) Polypropylene Bags (PP bags) and (ii) Extruded Plastic Packaging products. The machinery to manufacture these products will be located in an extension to the existing factory building in Walu Bay, Suva and is expected to be commissioned towards the end of this calendar year.

The company will also continue with phased refurbishment of its corrugation and printing equipment which will sharpen its competitiveness in coming years.

Outlook:

With ongoing improvements in its corrugating and printing processes, we expect the company to be in a much stronger competitive position in 2014-15, while the capability to manufacture PP Bags and Extruded Plastics will take it into a new realm of packaging solutions. We look forward to the coming year with optimism.

Hari Punja ORDER OF FIJI, OBE,

Chairman
23rd September 2014

Corporate Governance

In June 2008, the Capital Markets Development Authority (now the Capital Markets Unit of Reserve Bank of Fiji) published the Corporate Governance Code for the Capital Market (The Code). The Code articulates 10 core principles together with the best practice recommendations. This code is the basis for ATPACK's corporate governance standards.

On a continuous basis ATPACK has reviewed its existing policies and has codified / modified policies in line with its goal to improve the standard of corporate governance.

Role of the Board

The role of the Board is to assume accountability for the success of the company by taking responsibility for its direction and management in order to meet its objective of enhancing shareholder value.

The Board

Directors are elected by shareholders at the Annual General Meeting. One third of the total strength of the Board retire by rotation each year and are eligible for re-election. Casual vacancies during the year are filled up by the Board till the conclusion of the next Annual General Meeting.

As at the balance date the Directors in Office were Messrs Hari Punja (Chairman), Gary Callaghan, Rohit Punja (Alternate to Mr. Hari Punja) and Ms. Leena Punja (Alternate to Mr. Hari Punja).

Meetings of the Board

The regular business of the Board during its meetings covers business investments and strategic matters, governance and compliance, the Chief Executive's report, financial report and performance of the company.

Members' attendance at the Board meetings, during the financial year under review:

Director	Number of meetings entitled to attend	Number of meetings attended	Apologies Received
Mr. Hari Punja	4	2	2
Mr. Gary Callaghan	4	4	NA
Mr. Rohit Punja	4	3	1
Ms. Leena Punja	2	1	NA

The Board met four times during the year under review.

Sub-committees of the Board

The Board has formally constituted two sub-committees, viz:

- The Audit and Finance Committee; and
- The Share Transfer Committee.

As at the balance date, the Audit and Finance Committee comprised Messrs Hari Punja, Gary Callaghan, Ram Bajekal and Kumar Shankar.

The Audit and Finance Committee is responsible for monitoring ATPACK's financial strategies, monitoring the external and internal audit of the company's affairs, reviewing the half-year and annual financial statements, and monitoring the company's compliance with applicable laws and stock exchange requirements.

The Executive Management under the directions of this Committee is also responsible for monitoring the Risk Management to ensure that key business and operational risks are identified and appropriate controls and procedures are put in place to manage those risks.

This sub-committee met three times during the financial year under review. The executive management usually takes its major decisions in consultation with the members of the sub-committee, where necessary.

ATLANTIC & PACIFIC PACKAGING COMPANY LIMITED**Corporate Governance (Contd...)**

As on the balance date, the Share Transfer Committee comprised Messrs Hari Punja, Gary Callaghan, Ram Bajekal and Kumar Shankar.

The Share Transfer Committee is responsible for approval of share transfers between the shareholders of the company. The Share Transfer Committee met four times during the year under review.

Accountability and Audit	ATPACK is audited externally each year and receives an independent audit report which forms part of the Annual Report. The Audit and Finance Committee is responsible for overseeing the financial reporting and disclosure process, performance and independence of the external auditors, monitoring internal control processes, reviewing adequacy of the internal audit function and discussing risk management policies and practices with management.
Recognize and Manage Risk	The Executive management of the company ensures that key business and operational risks are identified and appropriate controls and procedures are put in place to manage those risks.

Directors' report

In accordance with a resolution of the board of directors, the directors herewith submit the balance sheet as at 30 June 2014 and the related statements of profit or loss and other comprehensive income, changes in equity and cash flows for the year then ended, and report as follows:

1 Directors

The following were directors of the company at any time during the financial year and up to the date of this report:

- Hari Punja Order of Fiji, OBE - Chairman
- Gary Callaghan
- Rohit Punja
- Leena Punja (Alternate director to Hari Punja)

2 Principal Activity

The principal business activity of the company is the manufacture of a wide range of packaging materials including corrugated cartons, assorted containers and packets.

3 Trading Results

The net profit after income tax for the year was \$ 381,257 (2013: \$319,216) after deducting income tax expense of \$ 18,326 (2013: \$64,070).

4 Provisions

There were no material movements in provisions.

5 Dividends

The directors declared an interim dividend of \$280,000 during the year (2013: \$280,000).

6 Bad and Doubtful Debts

The directors took reasonable steps before the financial statements were made out, to ascertain that all known bad debts were written off and adequate provision was made for doubtful debts. At the date of this report, the directors are not aware of any circumstances which would render the amount written off for bad debts, or the amount of the provision for doubtful debts, inadequate to any substantial extent.

7 Current Assets

The directors took reasonable steps before the financial statements were made out to ascertain that the current assets of the company were shown in the accounting records of the company at a value equal to or below the value that would be expected to be realised in the ordinary course of the business. At the date of this report, the directors are not aware of any circumstances which would render the values attributable to the current assets in the company's financial statements misleading.

8 Reserves

The directors recommend that no amounts be transferred to reserves.

Directors' report - continued

9 Events Subsequent to Balance Date

No charge on the assets of the company has arisen since the end of the financial year to the date of this report to secure the liabilities of any other person.

No contingent liability has arisen since the end of the financial year to the date of this report.

No contingent or other liability has become enforceable or is likely to become enforceable within a period of twelve months after the date of this report which, in the opinion of the directors, will or may affect the ability of the company to meet its obligations as and when they fall due.

10 Basis of Accounting

The directors believe the basis of preparation of the financial statements is appropriate and the company will be able to continue in operation for at least twelve months from the date of this report. Accordingly, the directors believe the classification and carrying amounts of assets and liabilities as stated in these financial statements to be appropriate.

11 Related Party Transactions

In the opinion of the directors all related party transactions have been adequately recorded in the books of the company.

12 Other Circumstances

At the date of this report, the directors are not aware of any circumstances not otherwise dealt with in this report or financial statements which would render any amounts stated in the financial statements misleading.

13 Unusual Transactions

The results of the company's operations during the financial year have not in the opinion of the directors been substantially affected by any item, transaction or event of a material and unusual nature other than those disclosed in the financial statements.

14 Directors' Interests

Interest of directors and any additions thereto during the year in the ordinary shares of the company are as follows:

Independent Auditor's Report

To the Shareholders of Atlantic & Pacific Packaging Company Limited

Report on the Financial Statements

We have audited the accompanying financial statements of Atlantic & Pacific Packaging Company Limited (the 'Company'). The financial statements comprise the balance sheet of the Company as at 30 June 2014 and the statements of profit or loss and other comprehensive income, changes in equity and cash flows for the year then ended and a summary of significant accounting policies and other explanatory notes.

Directors' and Management's Responsibility for the Financial Statements

Directors and Management are responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards and with the requirements of the Fiji Companies Act, 1983, and for such internal control as the directors and management determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by directors and management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

PricewaterhouseCoopers is a member firm of PricewaterhouseCoopers International Limited, each member firm of which is a separate legal entity.

Opinion

In our opinion the financial statements give a true and fair view of the financial position of the Company as at 30 June 2014, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards.

Report on Other Legal and Regulatory Requirements

In our opinion:

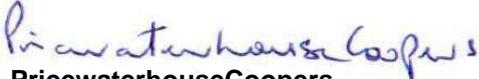

- a) proper books of account have been kept by the Company, so far as it appears from our examination of those books, and
- b) the accompanying financial statements are in agreement with the books of account and to the best of our information and according to the explanations given to us give the information required by the Fiji Companies Act, 1983 in the manner so required.

We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

Restriction on Distribution or Use

This report is made solely to the Company's shareholders, as a body, in accordance with Section 165(1) of the Fiji Companies Act 1983. Our audit work has been undertaken so that we might state to the Company's shareholders those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's shareholders as a body, for our audit work, for this report, or for the opinions we have formed.

**ATLANTIC & PACIFIC PACKAGING
COMPANY LIMITED**

**NOTES TO AND FORMING PART OF
THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2014**

1 GENERAL INFORMATION

Atlantic & Pacific Packaging Company Limited ('the company') operates as a manufacturer of a wide range of packaging materials including corrugated cartons, assorted containers and packets. The company is a limited liability company incorporated and domiciled in the Republic of Fiji. The company operates predominantly in Fiji and is listed on the South Pacific Stock Exchange.

These financial statements were authorised for issue by the Board of Directors on 23 September 2014.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies adopted by Atlantic & Pacific Packaging Company Limited are stated to assist in a general understanding of these financial statements. These policies have been consistently applied by the company except where otherwise indicated.

2.1 Basis of preparation

The financial statements of the company have been drawn up in accordance with the provisions of the Companies Act 1983 and International Financial Reporting Standards ("IFRS"). The financial statements have been prepared under the basis of historical costs.

Changes in accounting policies and disclosures

a) New and amended standards adopted by the company

There are no IFRSs or IFRIC interpretations that are effective for the first time for the financial year beginning on or after 1 July 2013 that would be expected to have a material impact on the company.

b) New standards, amendments and interpretations issued but not effective for the financial year beginning 1 July 2013 and not early adopted

A number of new standards and amendments to standards and interpretations are effective for annual periods beginning after 1 July 2013, and have not been applied in preparing these financial statements. None of these are expected to have a significant effect on the financial statements of the company, except the following set out below:

Topic	Key Requirements	Effective Date
IFRS 9, 'Financial instruments'	This standard on classification and measurement of financial assets and financial liabilities will replace IAS 39, 'Financial instruments: Recognition and measurement'. IFRS 9 has two measurement categories: amortised cost and fair value. All equity instruments are measured at fair value. A debt instrument is measured at amortised cost only if the entity is holding it to collect contractual cash flows and the cash flows represent principal and interest. For liabilities, the standard retains most of the IAS 39 requirements. These include amortised-cost accounting for most financial liabilities, with bifurcation of embedded derivatives. The main change is that, in cases where the fair value option is taken for financial liabilities, the part of a fair value change due to an entity's own credit risk is recorded in other comprehensive income rather than the income statement, unless this creates an accounting mismatch.	Annual periods beginning on or after 1 January 2018

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

2.1 Basis of preparation – continued

b) New standards, amendments and interpretations issued but not effective for the financial year beginning 1 July 2013 and not early adopted - continued

The company is yet to assess the impact of the above standard and intends to adopt the standard no later than the accounting period in which it becomes effective.

2.2 Segment Reporting

A business segment is a company of assets and operations engaged in providing products or services that are subject to risks and returns that are different from those of other business segments. A geographical segment is engaged in providing products or services within a particular economic environment that is subject to risks and returns that are different from those of segments operating in other economic environments. For reporting purposes, the company considers itself to be operating in one business segment as its predominant revenue source is from manufacture of packaging materials. Revenue from other sources is not material for the purposes of segment reporting. The company operates in Fiji only and hence one geographical segment.

2.3 Foreign currency translation

i) Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Fijian Dollars, which is the company's functional and presentation currency.

ii) Transactions and balances

Foreign currency transactions are translated into the Fijian currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss.

2.4 Plant and equipment

Plant and equipment is stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to profit or loss during the financial period in which they are incurred.

Depreciation is calculated using the straight-line method to allocate their cost to their residual values over their estimated useful lives, as follows:

Plant & machinery	4% - 33%
Office equipment	6.67%
Motor vehicles	25%
Furniture and fitting	10%
Computers	33%

Capital work-in-progress is not depreciated.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued**2.4 Plant and equipment – continued**

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each balance sheet date.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in profit or loss.

2.5 Financial assets

The company only has 'loans and receivables' under its financial assets category. The company's loans and receivables comprise 'trade and other receivables' and 'cash and cash equivalents' in the balance sheet.

2.6 Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

2.7 Impairment of non-financial assets

Assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment and whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. Assets that are subject to amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and the value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units).

2.8 Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined using the weighted average cost (WAC) method. The cost of finished goods and work in progress comprises design costs, raw materials, direct labour, other direct costs and related production overheads (based on normal operating capacity). It excludes borrowing costs. Net realisable value is the estimated selling price in the ordinary course of business less applicable variable selling expenses.

2.9 Provisions

Provisions are recognised when the company has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses. Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued**2.10 Trade receivables**

Trade receivables are recognised at invoice amount. A provision for impairment of trade receivables is established when there is objective evidence that the company will not be able to collect all amounts due according to the original terms of the receivables. Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy or financial reorganisation, and default or delinquency in payments are considered indicators that the trade receivable is impaired.

The carrying amount of the asset is reduced through the use of an allowance account, and the amount of the loss is recognised in profit or loss within other operating expenses.

When a trade receivable is uncollectible, it is written off against the allowance account for trade receivables. Subsequent recoveries of amounts previously written off are credited to other operating income in profit or loss.

2.11 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and at bank.

2.12 Share capital

Ordinary shares are classified as equity.

2.13 Trade payables

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Trade payables are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). If not, they are presented as non-current liabilities. Trade payables are recognised at cost.

2.14 Current and deferred income tax

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the balance sheet date. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulations is subject to interpretation and establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is recognised using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, the deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the balance sheet date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred income tax assets are recognised only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued**2.15 Revenue recognition****(a) Sale of goods**

Revenue comprises the consideration received or receivable for the sale of goods in the ordinary course of the company's activities. Revenue is shown net of value-added tax, returns, rebates and discounts. Revenue is recognised when goods are dispatched from the factory.

(b) Interest and other income

Interest and other income are recognised on an accrual basis.

2.16 Leases

Lease in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight-line basis over the period of the lease.

Leases of plant and equipment where the company has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the lease's inception at the lower of the fair value of the leased property and the present value of the minimum lease payments. The corresponding rent obligations, net of finance charges, are included in other long term payables. Each lease payment is allocated between the liability and finance charges so as to achieve a constant rate on the finance balance outstanding. The interest element of the finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period. The plant and equipment acquired under finance leases are depreciated over the shorter of the asset's useful life and the lease term.

2.17 Dividend distribution

Dividend distribution to the company's shareholders is recognised as a liability in the company's financial statements in the period in which the dividends are declared by the company's directors.

Dividends are subject to the provisions of the Fiji Income Tax Act 1974 and Income Tax (Dividend) Regulations 2001.

2.18 Earnings per share**Basic earnings per share**

Basic earnings per share (EPS) is determined by dividing profit after income tax attributable to shareholders by the number of ordinary shares as at balance sheet date.

Diluted earnings per share

Diluted EPS is the same as the basic EPS as there are no ordinary shares which are considered dilutive.

2.19 Comparative figures

Where necessary, amounts relating to prior years have been reclassified to facilitate comparison and achieve consistency in disclosure with current year amounts.

3 CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The preparation of the financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

The company does not have any significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have significant effect on the amounts recognised in the financial statements.

4 FINANCIAL RISK MANAGEMENT

The company's activities expose it to a variety of financial risks: market risk (including currency risk), credit risk and liquidity risk. The company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the company's financial performance.

Risk management is carried out by the Executive Management. The Executive Management under the directions of the Audit and Finance Committee identifies and evaluates financial and operational risks. The board provides overall direction in risk management.

(a) Market risk*Foreign exchange risk*

The company is exposed to foreign exchange risk arising from various currency exposures in respect to purchase of inventory, primarily with respect to the Australian and New Zealand dollar. Foreign exchange risk arises from future commercial transactions and liabilities.

Management has set up a policy to require the company to manage their foreign exchange risk against their functional currency, in this case the Fiji dollar. Foreign exchange risk arises when future commercial transactions or recognised assets or liabilities are denominated in a currency other than the Fiji Dollar. For significant settlements, the company is required to seek quotations from recognised banks and use the most favourable exchange rate for purposes of the settlement.

As at year end, assets and liabilities denominated in foreign currencies are minimal and hence changes in foreign currency exchange rate is expected to have minimal impact on the net profit and equity balances currently reflected in the company's financial statements.

(b) Credit risk

Credit risk is managed by management with board oversight. Credit risk arises from cash and cash equivalents, and deposits with banks and financial institutions, as well as credit exposures to wholesale and retail customers, including outstanding receivables. As part of its risk control procedures, an assessment of the credit quality of a new customer, taking into account its financial position, past experience and other factors is carried out. Individual credit limits are then set based on the assessments done. The utilisation of credit limits is regularly monitored. Sales to credit retail customers are settled in either cash or bank cheques.

4 FINANCIAL RISK MANAGEMENT - continued

(c) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash to meet its present obligations.

Management monitors rolling forecasts of the company's liquidity reserve comprising cash and cash equivalents on the basis of expected cash flow.

The company's financial liabilities, being trade and other payables are all due for settlement within one year.

The company has provided security towards amounts borrowed from the Australia and New Zealand Banking Group Limited (ANZ) by the various companies within the FMF Foods Limited Group. More specifically, it has provided a:

- i) First registered mortgage debenture over all its assets and undertakings including any uncalled and unpaid premiums.
- ii) Cross guarantee together with FMF Foods Limited, Biscuit Company of (Fiji) Limited, Atlantic & Pacific Packaging Company Limited, FMF Investment Company Limited, Pea Industries Limited, The Rice Company of Fiji Limited, DHF Limited, FMF Snax Limited, FMF Confectionery Limited and Bakery Company (Fiji) Limited.

The bank overdraft facility available to the group is fully interchangeable between the above companies. As at year end, the total amount owed by the above companies to ANZ in bank overdraft and term loans is \$33,197,953 (2013: \$46,464,776).

5 CAPITAL RISK MANAGEMENT

The company's objectives when managing capital is to safeguard the company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.
