

**SPSE Chief Executive Officer
Ms Krishika Narayan**

Greetings from SPSE!

As part of our continuing investor awareness initiative, SPSE this week is once again providing our potential investors and existing shareholders with pertinent information about listed companies. These important highlights of the company can be used as a parameter in deciding which company you should invest your savings in that can assist you in meeting your future financial goals as well as identify suitable companies that can help you meet your investment objectives.

In this last edition of listed company updates for the June year ending companies, we feature three of the SPSE listed companies, **FMF Foods Limited (FMF)** and two of its other stock market listed subsidiary companies, **Atlantic & Pacific Packaging Company Limited (APP)** and **The Rice Company of Fiji Limited (RCF)**.

Given that this is the last publication from SPSE for the year, we would like to take this opportunity and use this medium to thank all our subscribers, readers and followers for their support during 2017. We hope our regular investor awareness articles have assisted you in making informed investment decisions while at the same time enhancing your knowledge about share market investments over the past months.
