**For Public Release**

**Delay in Release of 2018 Audited Accounts and Annual Report**

Further to our market announcement dated 29 April, 2019 the Manager and Board of the Kinetic Growth Fund Ltd (KGF) wish to advise of a further delay in the release of KGF's 2018 audited accounts to the South Pacific Stock Exchange (SPSE).

The reconciliations and classifications required to finalise the Drone Services Fiji Ltd (DSF) accounts, as mentioned in the last market announcement, have been completed and the audits of both DSF and KGF are now being wrapped up.

It is anticipated that the 2018 KGF Annual Report, including the audited financial accounts for 2018, along with Annual General Meeting details will be released within the next fortnight. Until then, the voluntary suspension of trading in KGF shares will continue.

The KGF Manager and Board wish to thank the investors for their patience and look forward to the release of the Annual Report shortly.

Yours sincerely,

Erik Larson  
**Board Chairman**
